

The Famous White Cliffs of Dover

Itinerary:

After leaving the Port of Dover we will head West to the Battle of Britain Memorial where you will learn about “The Few”, who protected this coast and the country as a whole, in the worrying times of 1940. The Memorial is located on the clifftop where you can admire stunning views over the English Channel.

Our next stop will be to the east of Dover at the White Cliffs Experience where we can take a short stroll to a vantage spot offering a classic view of the famous cliffs as well as mighty Dover Castle.

After a short drive along the coast, we conclude our tour on the beach in scenic St Margaret’s Bay, giving a different perspective to the cliffs from below.
